IDENTIFYING AND APPRECIATING THE NATIVE AND NATURALIZED GRASSES OF CALIFORNIA

CNGA Grass Identification Workshop

Saturday, May 13, 2023, 9:00 am to 4:00 pm
New Location: Bodega Marine Laboratory
2099 Westshore Rd., Bodega Bay, CA

\$160/CNGA Members, \$180/Non-members, \$95/Students with ID

Grasses are Fun and Challenging to Identify!

Build your skills:

- Understand California's grassland ecology
- Familiarize yourself with grass-specific terminology
- Identify grasses by using the Jepson eFlora dichotomous key
- Recognize the basic groups and common species
- Build a "collection" of identified samples
- Explore the unique grassland at Bodega Marine Reserve

A class syllabus, dissecting scope, and basic keys from the Jepson eFlora are provided.

An afternoon field tour of coastal prairie at the Bodega Marine Reserve to see grasses in the field will round out this full day of learning.

- Morning coffee and snacks are included.
- Lunch is not included, please bring your own lunch.

Instructors:

Andrea Williams – Director of Biodiversity Initiatives, CNPS; Former CNGA Board Member

Emily Allen – Restoration and Botanical Consultant based in Ukiah, Mendocino County, CNGA Board Member
